

# Announcements

- Homework #5 due today at 5 pm
  - Wednesday with grace period
  - Remember to put number of hours spent
- Homework #6 available on the web tonight

Computing your course grade so far:

$$\text{Grade} = \frac{5/9}{4} \times \sum_{i=1}^4 \left( \frac{\text{HW}_i}{\max_i} \right) + (4/9) \times \frac{\text{MT}}{\max_{\text{mt}}}$$

**Please pick up copy of lecture notes**
