This file contains the errata known to us as of the above date for the third printing of the 4th edition, (January, 1999).

The fourth edition entered its third printing in the summer of 1998. We are of course grateful for readers who inform us of additional errata.

Chapter 1

Page 68, in the last matrix just above Example 4, the entries in the first column should be b_{11}, \dots, b_{n1} .

Chapter 2

Page 144, Exercise 27, in the display, the first $\frac{\partial}{\partial x}$ should be $\frac{d}{dx}$.
