Homework Set #2

R. M. Murray
Fall 2004

Issued: 11 Oct 04
Due: 18 Oct 04

Complete the problems below, trying to spend no more than the estimated time listed.

1. Create a wiki account on grandchallenge (if you don't already have one) and create a user page listing the team you are currently assigned to and a link to that team's index page. (Estimated time required: 10 minutes.)
2. Add a line to the contacts page on the wiki providing the information listed and linking to your user page. (Estimated time required: 2 minutes.)
3. Working with your team, create a GOTChA chart describing the team's planned work for the term. Your chart should be entered on the wiki and linked to your team's index page. (Estimated time required: 2 hours, working as a team)

Total estimated time: 2+ hours (including team meeting)
