Midterm solutions ??

Homework #5 due today at 5 pm

- Remember to put number of hours spent on back of first page

Homework #6 available on the web tonight

Computing your course grade so far:

$$\text{Grade} = \frac{5/9}{4} \times \sum_{i=1}^4 \left( \frac{\text{HW}_i}{\max_i} \right) + (4/9) \times \frac{\text{MT}}{\max_{\text{mt}}}$$

Please pick up copy of lecture notes
